ESTEEMED

PARENTS/GUARDIANS,

**AS SALAMU ALAYKUM WA-
RAḤMATULLĀHI WA-
BARAKĀTUHU**

Alhamdulillah! We sincerely express our gratitude and appreciation to Almighty Allah, the Most Beneficent, Most Merciful, for granting us the privilege to commence and witness the end of the second term of the 2023/2024 academic session. We are also grateful to our esteemed and dedicated parents who believe in the values and culture of Chaste Intellect International School for their continued support. May Allah continue to bestow upon them the means of sustainability and enable our children to be honorable ambassadors of their parents, the school, and Islam.

MAJOR ACTIVITIES THAT TOOK PLACE:

Alhamdulillah! Activities for the term went smoothly without any hitches. We are most grateful to the Almighty Allah who protected our intellects against any infectious diseases that warranted referring the intellects to the hospital for medical attention or sending them home for further medical attention. All hostel activities were carried out as scheduled in the timetable. Intellects were engaged in various sporting activities such as football, basketball, volleyball, swimming, etc. We also feel delighted to inform you that the swimming pool was renovated during the term, giving the intellects a more relaxed opportunity to enjoy their swimming exploits.

ISLAMIC ACTIVITIES

The intellects were also engaged in Islamic etiquette, memorization, and revision of the Glorious Qur'an as scheduled.

EXTRA-CURRICULAR PROGRAMMES

During the term under reference, extra-curricular activities the intellects were involved with include a series of educational programs, quizzes, and debates, celebration of the International Women's Day seminars, within and outside the school. The female intellects had their regular gender session with the Headmistress on Fridays.

PERIODIC EXTRA-LESSONS

To facilitate consistent academic achievement by the intellects in the hostel, the school organized periodic extra-lessons which were held at night between 8:30pm and 9:45pm on Mondays and Wednesdays, while the Saturday extra-lessons were held between 10:15am – 1:00pm. The lessons were planned to propel the intellects in the hostel ahead in the scheme of work and school curriculum for the diverse subjects they offer in their different classes.

VISITING DAY

Visiting days that usually come up every first Saturday of the month went as planned. On this, we appreciate our parents for making it a day for our intellects during the visit and for sticking to the rules guiding it. We, however, wish to draw the attention of our parents to kindly inform the school ahead of the visiting day if they plan to send a representative to visit their child(ren) on their behalf. This is to prevent any unauthorized person(s) from gaining access to see the intellects. Please note that the duration of the visiting day is still from 10:00 am to end at 5:00 pm.

COMPLIANCE TO STANDING RULES

Contrabands: We appreciate our parents and guardians for the recent level of compliance in our position against contrabands, and we hope to see more of this improvement next term. Meanwhile, the following items are not allowed in the hostel: phones, air pods, earpieces, electronic/smart wristwatches, gadgets, perfume (roll-on is acceptable), military camouflage wears, dresses with inappropriate tags/description/images, beads, necklaces, rings, etc. Also, any food item sent through a day intellect to a boarding intellect is considered contraband. (Please request the hostel requirements from the Administrative Department if necessary).

TAGGING OF ITEMS

All the intellects in the hostel must tag their belongings properly, most especially clothing items such as school uniforms, sportswear, jummat wear, hostel wear, beddings, socks, tie, water bottles, buckets, etc. for easy identification and to avoid misplacement/loss of items.

PHONE CALLS

Parents who wish to speak with their children are expected to call on Saturdays or Sundays between 10:00 am and 6:00 pm via the following hostel lines:

- Hostel Matron: (+234) 08097977143
- Hostel Patron: (+234) 08097971227

Parents are advised to strictly adhere to this rule, as unnecessary calls during the week can/will distract the intellects from their studies. In any emergency, please call the Administrative Department on (+234) 08186546012.

Hostel Wears

It has been observed that some intellects in the hostel do not have the complete hostel wears. On this, we implore the parents of the concerned intellects to help them replace their hostel wears upon resumption next term. For your information, the wearing of hostel wears is now a very strict rule which will be enforced in the next term. Please check the table below to see the complete hostel wears that are to be presented upon resumption.

Parents/guardians are implored to check their compliance of this hostel wear rule to ensure that the list of uniforms above is in good shape, while noting that only one Mufti- clothes will be allowed into the hostel until further directives will be issued. It is strongly recommended that a replacement of worn-out uniforms be made, as boarding intellects are expected to look good while in the hostel.
